Banca Lombarda's customer base: 1.5 million of customers

The banks of Banca Lombarda Group are completely divisionalised and there is a full segmentation of customers

The 3 segments are also sub-segmented; in order to coordinate and keep well all the businesses we've introduced the new "**Territorial Area**" organizational model in 2005 for each bank, in order to improve our commercial effectiveness; this model is tailor made on the size of the bank (standard version for Banco di Brescia and BRE, "light" for smaller ones).

Retail segment: For the Retail customers there are 794 branches (90% in the North), 4.930 employees; the segment is organized in 36 retail commercial units. The total income is 622 €mn.

Corporate segment: 68 UNI (Unità Imprese, 95% of them located in the North of Italy) and 414 managers are dedicated to the corporate segment. The total income is 189 €mn. About 3.000 customers included in the "big companies" sub-segment (>50 €m of turnover)

Private segment: there are 82 relationship managers in a network of 20 operating centres and 575 financial advisors.
